

PRODUCT DETAIL :

Example of vented profile.
See specific profile page for sizes and venting options.

USAGE

Moldings requiring venting are provided with vents for air movement. In size charts they are identified with a "V" in the center of the product number.

GUIDE SPECIFICATION

All vent slots are 1/8" wide by 1" long, spaced 1 1/2" on center lengthwise. Multiple rows are spaced laterally 1/2" on center. Each row of vent slots lengthwise provides approximately one square inch of vented area per lineal foot.

VENTILATION INFORMATION

REVEAL WIDTH	VENT SLOT	VENT AREA PER LINEAL FOOT APPROX.	PERCENT OF AREA VENTED APPROX.
